Kampala, Uganda

Ref.: Application for Junior ICT Officer - Uganda

Dear Sir/Madam,

I am writing to you to express my interest in the Junior ICT Officer - Uganda position currently available at Farm Radio International. I believe that I am an excellent fit for this position, given my extensive background in technical support, mobile application development and my high motivation to be part of a positive development for the farmers.

I developed great interest working for your organization since it gives the opportunity to take part in the development and strengthening of farmers in rural community by creating awareness and impacting of knowledge in the field of agriculture through broadcasting.

In my previous roles, I successfully offered technical support in line of systems and network administration, training of office staff how to use relevant systems and programs, maintenance and repair of IT equipment both at the Catholic Diocese of Lira and at Radio Wa, Lira. I also did installation and configuration of wireless cameras and setup broadcast computers in studios and recording systems.

As Business IT Solution Manager for the up coming Errand Technologies Limited, I have been responsible to handle other technical staff and to ensure high quality service of cable and wireless networks and provision of IT support to clients.

As a freelance consultant to different NGO's and individuals, I have been able acquire much more professional skills by solving their computer and network related challenges as well as advising in technical decisions. The knowledge that I have acquired in setting up accounts & using bulk SMS system by Socnet Solutions Limited and background in Android application development gives me a solid basic in that area of technology which I would like to build up.

I believe that with my professional experiences and knowledge, my willingness to learn and high motivation to work at Farm Radio International make me to be the right person for the your future Junior ICT person in Uganda.

If you have any further questions or require additional documentation, please feel free to contact me.

Thank you for your consideration and I am looking forward to hearing from you.

Respectfully,

Emmanuel Opio
